## PROJECT EXPERIENCE

### Static Zoo Website Development Project (Front End Developer) [🔗](#)

- As part of my academic program at APTECH North Nazimabad, I was a member of a team that designed and developed a static website for a zoo. This project focused on creating an informative and visually appealing online presence using HTML, CSS, and Bootstrap.
- ACHIEVEMENTS:**
- Developed the website's front-end with a clean and userfriendly design, ensuring a seamless browsing experience. Utilized Bootstrap for responsive design, enhancing accessibility across various devices.

### Dynamic E-Book Website Development Project( Backend And Frontend Connectivity ) [🔗](#)

- As part of a team project focused on E-Book development, I played a significant role in designing and creating a dynamic website that featured E-Books. This project involved utilizing technologies like PHP and MySQL for database management, and it was a collaborative effort.
- ACHIEVEMENTS:**
- Developed the dynamic functionality of the website, allowing users to access and interact with E-Books. Implemented PHP and MySQL for effective data management and retrieval. Worked collaboratively with the team to ensure the project's success. Led the team, providing guidance and coordination to ensure project success.
